has been featured on the "Today Show." Kids love the special teddy bear chair and special children's room for their visits and adults are at ease and can relax with movie glasses and a huge movie library during treatments. The reception area's over-stuffed chairs, fireplace, fresh flowers, and refreshment bar give a home-like warm, friendly and relaxed feeling to visitors. They provide a level of service and genuineness that makes patients want to visit more frequently.

DR PATRICIA PAULEY AND DR CYNTHIA PAULEY, the first mother-daughter dentist team in the Pacific Northwest, have been in practice together for 17 years. Outstanding cosmetic and family dentistry is their Hallmark as peer voted as a SEATTLE MAGAZINE TOP DENTIST in both the cosmetic dentist and family dentist categories. Brookside Dental received the prestigious Better Business Bureau "2005 Small Business of the Year Award" for exceptional service and commitment to patients and the BBB "2004 Community Service Award" for their work in the community. They are the first mother-daughter dental duo selected as Fellows to the prestigious International Pierre Fauchard Academy of Dentistry. These honors represent their many years of dedicated service to the community and to dentistry. Dr Cindy taught restorative dentistry part-time at the University of Washington for 12 years and was twice named the Outstanding Clinical Instructor. They both have been featured in several magazine and newspaper articles, including the Seattle Times, Seattle PI, Doctor of Dentistry, Dental Alumni News, WSDA News, Bellevue Reflections, and Seattle magazine.

At Brookside Dental, we are passionate about designing beautiful and comfortable smiles and providing excellent restorative, preventative and cosmetic dentistry. Both doctors have had extensive advanced training in cosmetic dentistry and various specialized cosmetic treatments. Services offered include porcelain veneers, full mouth rehabilitation, teeth whitening, gum contouring, porcelain crowns, porcelain bridges, implant crowns, tooth-colored fillings and single tooth cosmetic movement.

Dr Cindy and Dr Pat provide superior dentistry in a comfortable and relaxed state of the art setting, which

Whether you need a full mouth smile makeover or a less extensive smile enhancement, their advanced cosmetic dental training, smile artistry, and modern technology, plus the presence of an on-site porcelain artist, allows them to create beautiful, durable and natural appearing smiles.

If your smile is less than perfect, we are committed to creating a beautiful smile for you. Call us for more information on how we can create new smiles for you and your family.
