**BROOKSIDE DENTAL**  
**Dr Cynthia Pauley and**  
**Dr Patricia Pauley**

Dr Cynthia Pauley and Dr Patricia Pauley, the first mother-daughter dentist team in the Pacific Northwest, have been in practice for 16 years. Outstanding cosmetic and family dentistry is their Hallmark as voted by their peers as a SEATTLE MAGAZINE TOP DENTIST in both the cosmetic dentist and family dentist categories. Brookside Dental received the prestigious Better Business Bureau "2005 Small Business of the Year Award" for exceptional service and commitment to patients and the community.

Dr Cindy and Dr Pat provide superior dentistry in a comfortable and relaxed state of the art setting, which has been featured on the "Today Show". Both doctors have had extensive advanced training in cosmetic dentistry. Whether you need a full mouth smile makeover or a less extensive smile enhancement, their advanced cosmetic dental training, smile artistry, and modern technology, plus the presence of an on-site porcelain artist, allows them to create beautiful, durable and natural appearing smiles.

**SEATTLE VEIN CLINIC**  
**Don't let heavy or painful**  
**legs slow you down**

Many people have suffered from pain or heaviness in their legs without realizing the condition was caused by varicose veins. And others who were aware they had varicose veins often delayed treatment out of fear of painful procedures and long recoveries.

Fortunately, now there is an office-based solution to painful and heavy varicose veins that is covered by most medical insurance providers. VNUS Closure® is a minimally invasive, office-based procedure that treats varicose veins and their underlying cause, venous reflux, using radiofrequency. The recovery is fast – patients walk in and walk out. Patients report little to no pain during the procedure.

To find out if you're a candidate for VNUS Closure® or if you have concerns about unsightly spider veins, schedule a consultation today with Seattle Vein Clinic at 206-292-7734. Get the spring back in your step – faster than ever!
